Around the School

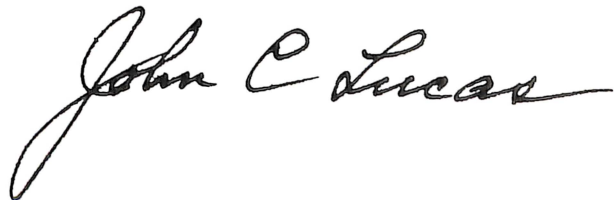

I could speak of our sprawling campus, our annexes, our new construction, our older buildings, our plans for the future; but these are merely the "externa." Armijo High School is more than these.

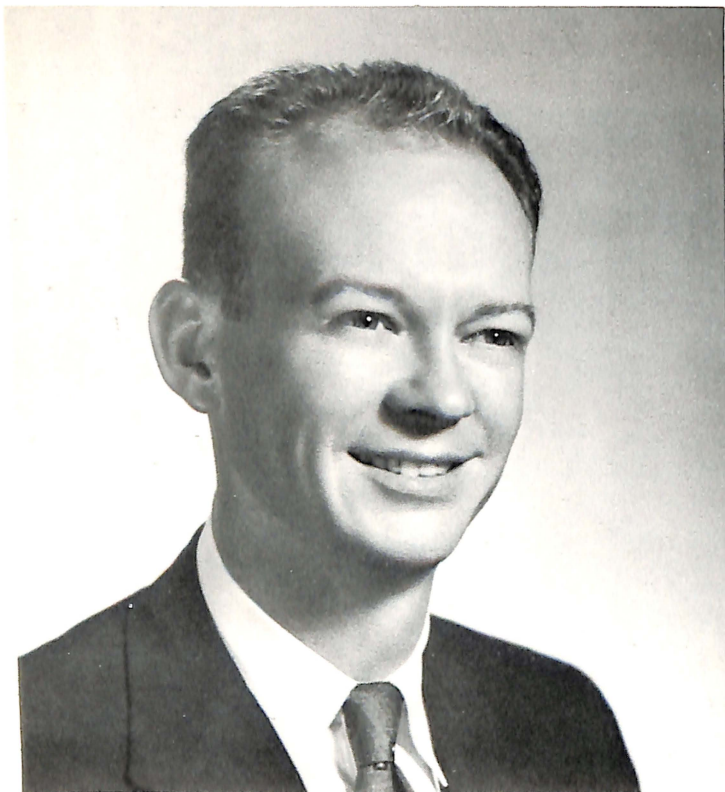

Armijo High School reaches far beyond our physical campus. It is the heritage of the past. It is the hopes and dreams of parents and community translated into actual opportunity for its youth.

The School thus encompasses past, present, and future. Here you, the students, work individually and collectively in preparation for the task of developing an even better civilization in the future.

Based upon a firm belief in the integrity and worth of the individual; dedicated to the ideal that human liberty is best guaranteed through representative government and democratic processes; and recognizing that only an enlightened people may safely exercise liberty and wisely pursue happiness—Armijo High School seeks to provide for every student that educational opportunity which will enable him proudly to assume his responsibility as an American Citizen.

This I see at Armijo—and I am honored to be associated with all of you in this task.

Joseph S. Barboza, Jr.

September 1, 1939—March 28, 1956

We of the Senior class wish to dedicate our section of this yearbook to Joe Barboza who will always be a part of the Class of 1958.

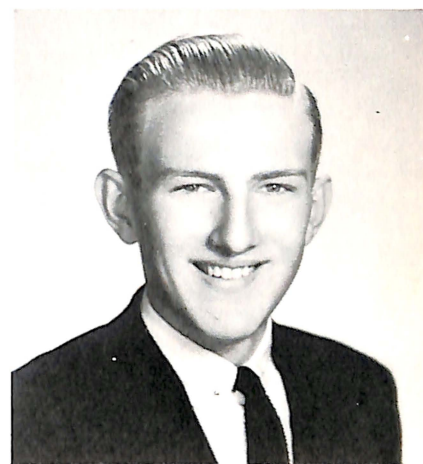

Seniors

As we entered the hallowed halls of Armijo that morning early in September of 1954, as freshmen, we were frightened. We were young men and women with a lot to learn. Everything was new and we had a hard time getting used to this fact. As we gradually became accustomed to this fact we chose Joe Danielson to lead us as president, with Tom Bautista as vice-president and Carol June Bennett as secretary.

A year passed and we became sophomores. We felt we had learned a lot but there still was a lot more to learn. We chose Dick Garcia to be our president and Rick Hasbrouck for vice-president, with Carolyn Hoover as secretary. The theme for our sophomore hop was Hawaiian and we had real pineapples on all the tables along with the other decorations. Chuck Serpas and Barbara Santaella were chosen to reign as King and Queen over this gala affair.

As our Junior year began we realized we were finally upperclassmen. We elected Gary Falati, Tom Bautista, and Mary Graves as our officers. Our class rings were chosen and bought and we were very proud. Our Junior Prom was a great success. Scenes from the Moulin Rouge and a sidewalk cafe brought out our theme of April in Paris. At the end of the year, Gary Falati was elected as Fall Student Body president, with George Perdigao as vice-president and Joyce Stephens as secretary.

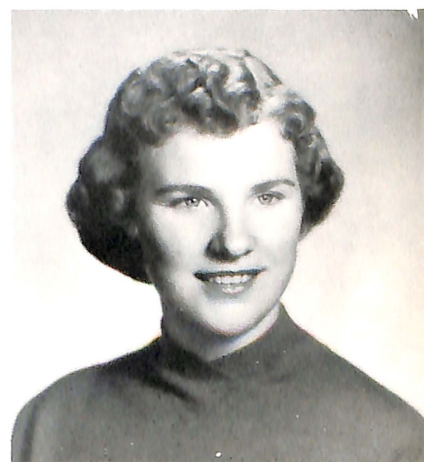

It was hard to realize that we were finally seniors. We were a little sad but mostly glad. We chose Pete Jaarsma for class president, Rick Hasbrouck as vice-president, and Carolyn Hoover as secretary. George Perdigao, Daniel Cox, and Judy Eddy were elected to Student Body Officers for the spring semester. There have been some hard feelings and complaints, but as we near the end of our final year, all these trivials are forgotten and we think only of the highlights of our high school days. We have matured enough to realize the values of these past four years and although it is a relief to be through it all, it is with some sorrow and regret that we leave these hallowed halls that we entered four years ago as frightened young freshmen, to go out face a new and different world on our own, as young adults. We are extremely grateful to the many people who have helped us to decide and mold our futures.

Free lancing between affiliations with the S.C.A.L. and the Golden Empire League, Armijo's Varsity took on some heavy-weight opponents in their 1957-58 season.

With only six returning lettermen and eight players with J.V. experience, new Varsity Coach Orven Iverson, and Line Coach Gene Thomas put together a hard-fighting squad.

The first two games of the season were won with some outstanding and dramatic passing and line work. The Indians dropped a scoreless tie with Rio Vista in the midst of the fall flu epidemic. In the three games with San Lorenzo, Harry Ells, and Antioch, the home team scored only 6 points against a total of 122 by their opponents. Outweighed and outclassed, the Indians fought all the way and satisfied their loyal fans that they were giving everything they had.

A Vacaville score on the opening kick-off gave the Bulldogs a lead which was narrowed down to one point at the closing gun of a tough, hard hitting game by two well-matched and ancient rivals to close the 1957-58 season.

Armijo played in the GOLDEN EMPIRE LEAGUE for the first time this year. The squad showed by constant hard work, courage, and fight, that it would continue to be a contender for first place. Unlike other years, the 1957-58 team was outstanding as a balanced unit—with equal honors going to all positions.

The Upper House is made up of class officers and student body officers and is presided over by the Student Body President, while the Lower House has a representative from each social science and English II Class and is presided over by the Student Body Vice-President. Student Social Committee

Recognizing favorable acts as well as unfavorable actions of any member of the Student Body is the main function of the Student Social Committee, the judicial branch of our student government. They work quietly and diligently and perform many services that gain little publicity, one of which is the orientation of new students.

Mike Coleman, who is the Armijo Cadet Commandant.
